

“When you decide firmly to lead a clean life, chastity will not be a burden on you: it will be a crown of triumph.”

– St. Josemaria Escriva

Honorable chair, fellow delegates and other presents in the room;

The representative of the chastity project, welcomes to the UN women committee and thanks the participation of all delegates.

Talking about the first topic, violence towards women and girls in educational environments, this project thinks that the every delegation present needs to understand that a long sentence in prison wont change people like Brock Turner, what will really change them is prayer, forgiveness and work to be saint and pure.

We also need to take into account that temptation is necessary to make us realize the importance of purity and chastity; In the other hand, educational environments should include time for prayer, confessions, teach women and girls to do not tempt man to sin and the most important learn how to pray for those who have been victims of temptation so that God help them and guide them.

Thank you
